WINE

We listened to your feedback, sampled a wide-range of wines (tough job but someone had to do it!) and worked closely with our wine suppliers to provide an exclusively vegan wine list which can be enjoyed by all and goes hand-in-hand with our delicious food.

Our philosophy when choosing our wine is simple: we favour small family-owned estates and wines crafted by dedicated winemakers who care about the processes and production methods they use. They enjoy making great-tasting wine and we love to serve it. We consider the origin, quality and character of the wines.

We hope you agree we've picked some absolute corkers (excuse the pun), and we look forward to hearing the clink of your glasses as you enjoy them.

As always, we welcome your feedback.
